

27th Dec 1992.

Dear Virginia, Salam.

Thank-you for your kindness and generosity during my stay in New York. I recall with joy and gladness our meeting. Hasan has asked me to thank-you for all your help with contacts during my visit, and he would like me to let you know that we would like to remain in contact with you and work with you. At the moment we are most concerned about getting a distributor in the United States for our books and would like your suggestions and advice in this matter.

If you are travelling towards England any time in the coming months you are most welcome to stay with us.

With love and affection

Wendy Johnson.
